DISHONORABLE SAYS HILLES.

So Characterizes Johnson's Political Plot.

Suggests the Challenging of Roosevelt Men.

Republicans Mean to Resist Electoral Theft.

[BY A. P. NIGHT WIRE TO THE TIMES.] WASHINGTON, Aug. 21.—After a conference with Senator Works of California regarding the political situation in that State, Charles D. Hillies, chairman of the Republican National Committee, issued the following statement:

"Gov. Johnson and his crowd are going to try to capture the title of the most honest party and place candidates for electors in the Republican ticket who will vote for the candidates on the Progressive ticket. We regard this as dishonorable. Mr. Roosevelt has renounced his Republicanism and has left the Republican party. Gov. Johnson and his followers, under the election law passed this year, will make oath of their intention to support the Republicans, while as a matter of fact their intention is to vote for the candidates of another party. This is downright perfidy."

ROGUE'S CHALLENGE. "The men who are known to favor the candidacy of Roosevelt should be challenged at every polling place in California, when they tender their ballots as Republicans. All we are asking in California is justice, which ought to satisfy Gov. Johnson and any shorts of this should result in his giving up the game. No Republican can prevent the withdrawal of Gov. Johnson and his crowd from the Republican party, but Republicans can resist the bold attempt of Johnson to win them and it is impossible to cast their votes for Taft and Sherman."

IN CONFERENCE.

Chairman Hillies remained over in Washington today and conferred with a number of Republican Senators. The conferences were held in a private room of Vice-President Sherman.

Chairman Hillies saw Senator Diligent of Vermont and the two discussed plans for closing the campaign in that State next week. Chairman Hillies told Senator Willingham that the National Committee would lend every assistance.

Representative Gilmer of Pennsylvania discussed with the national chairman the legal phases of the situation in Pennsylvania, where the Republicans are claiming the election of the straight Republican ticket. Mr. Hillies said some action would be taken in this matter within a few days.

Meet, Meet Tokel.

SMALL HOPE FOR ENGLAND.

SURVIVAL OF UNITES IS GROWING, SAYS LUNACY EXPERT.

Breaks Should Be Applied Before It Is Too Late, by Removing Children of Parents of Criminal Tendencies from Their Unfavorable Environment.

[BY CARL AND DIRECT WIRE TO THE TIMES.]

LONDON, Aug. 21.—[Exclusive Dispatch.] "There is no doubt England is going to the dogs, and much quicker than most people imagine."

This is the assurance of Dr. L. Forbes Winslow, founder of the British Hospital for Mental Disorders and an expert in insanity, who has been engaged in many cases in England and the United States, in discussing a pessimistic article by Dr. Treadgold in the Quarterly Review, in which he says the whole tendency of modern sentiment and civilization is towards the propagation and survival of the unit."

"The difficult part of the problem," says Winslow, "is to get the nation to realize that we are rapidly moving towards the downward path, and to take proper steps to apply a brake before it is too late."

"The mental condition of the people of England, as outlined by Winslow, is most disquieting. Degeneracy is alarmingly on the increase."

"Treadgold materially under-estimates the proportion of the mentally weak, which puts at one per cent."

Crime is also markedly increasing, and many of the persons implicated for crime are actually suffering from some pronounced form of mental disease."

In conclusion, Dr. Winslow says: "In our judgment, the best way to prevent the mental disease is to have the parents to have the children removed from their unfavorable environment."

The doctor admits some children are able to resist the parental example, even when raised in an unfavorable environment, and capable members of society, but the only sure way is the one mentioned above.

"Take care of the children," says Winslow, "and the future generation will take care of itself."

BEWARE OF IMPOSTORS.

Designing persons recently have advertised in a local newspaper to "supply correct answers to the Booklovers' picture problems to be known to any person or persons except the Publisher and Contest Editor of The Times, and any person purporting to be in possession of the true solutions of the contest pictures is a cheat, a fraud and unworthy of credence or belief."

THE TIMES-MIRROR COMPANY.

Senator Penrose.

Upon the death of Senator Quay in 1904, Mr. Flinn became a candidate to succeed him in the United States Senate. In Philadelphia, during a discussion of the succession to Senator Quay, Mr. Flinn offered to lend Mr. W. Durham, a Republican leader in Philadelphia, \$1,000,000 or even \$2,000,000 in order to rid themselves of the only enemies they really fear and the measure of their hatred should be sure of the support given to us by every honest man."

Mr. Flinn's main efforts to misrepresent that transaction which at the time was entirely legal and proper, is only part of the systematic efforts of the Filian-Van Valkenburg combination in Pennsylvania, to break me down and deceive the people through unscrupulous methods of yellow journalism.

"Mr. William Flinn, of this unscrupulous combination, has made a fortune out of crooked municipal contracts and the manipulation of municipal council and State Legislature. Mr. E. A. Van Valkenburg, editor of the Philadelphia North American, was arrested and indicted for bribery in my first senatorial contest in 1894, and only escaped conviction through the leniency of Senator Quay and upon the payment of about \$10,000 for costs for lawyers, detectives, and for other expenses of prosecution.

FLINN'S MANIA.

Upon the death of Senator Quay in 1904, Mr. Flinn became a candidate to succeed him in the United States Senate. In Philadelphia, during a discussion of the succession to Senator Quay, Mr. Flinn offered to lend Mr. W. Durham, a Republican leader in Philadelphia, \$1,000,000 or even \$2,000,000 in order to rid themselves of the only enemies they really fear and the measure of their hatred should be sure of the support given to us by every honest man."

BULL MOOSE EDITOR WINCES UNDER LASH.

[BY A. P. NIGHT WIRE TO THE TIMES.] PHILADELPHIA, Aug. 21.—A. Van Valkenburg, editor of the Philadelphia North American, who is to follow Col. Roosevelt to Wilkes-Barre, Pa., tonight dictated over the telephone the following statement:

"The Governor of Pennsylvania, Samuel W. Pennypacker, appointed Philander C. Knox to succeed Mr. Quay. Mr. Knox subsequently was elected by the Legislature for the full term. His appointment and election and resignation and election and the cabinet occurred with the full knowledge and acquiescence of Mr. Roosevelt. Mr. Flinn still desires to be a friend of the Senate. His friends openly aver that he has given his activity for Roosevelt and the reforms to which he has recently been a convert are prompted by this desire."

MENDACITY.

"The afrontry, hypocrisy and meanness of the Van Valkenburg-Flinn combination was discovered by following correspondence between John D. Archbold and William Flinn. I call attention to the following telegram sent to John D. Archbold by William Flinn:

"[AT] PITTSBURGH, June 7, 1904.

"I tried to talk to you over the telephone last night, but could not hear you. I am making an effort to be heard. United States Senate as M. Quay's successor. As it now stands, the appointment will go to Allegheny county and I expect to get it. The Republican organization of Allegheny county are desirous of my appointment. They are working in my behalf. Also the Republican organization of the surrounding counties. The decision of the question is up to Senator Boies Penrose, State chairman and majority leader. The efforts of a few of my influential friends put forth at once with Penrose and Flinn will settle the question. If you will help me, I will greatly appreciate it."

"The decision will probably be reached Wednesday. Can you help me?"

"[Signed] WILLIAM FLINN."

Under the same date, the following reply was sent to Senator Boies Penrose from John D. Archbold:

"NEW YORK, June 7, 1904.

"Telegram received. Sorry that you do not know. I expect to jail pop shyster Flinn and until flagon prex is lamenated for me to have flood hatred relationship. Which being translated, reads as follows:

"Telegram received. Sorry that the phone did not work better. I expect to have talk with Senator Penrose and until after that it is impossible for me to have any definite view."

"JOHN D. ARCHBOLD."

"Thus it is discovered that the plain yellow journals in Pennsylvania are not the only ones to make out a transaction on my part, within a few months of the date of the signed letter from John D. Archbold. Mr. Flinn was not given the aid of John D. Archbold to secure the appointment and election to the United States Senate and is conducting an active correspondence with him under a cipher code."

ROUGH RIDER COLONEL AGAIN EXPLODES.

[BY A. P. NIGHT WIRE TO THE TIMES.] WILKES-BARRE (Pa.), Aug. 21.—An attack on Senator Penrose was made by Col. Roosevelt tonight, and he had read the Senator's statement in the Senate today. The ex-President quoted from letters and telegrams which he sent to George B. Cortelyou, chairman of the Republican National Committee in 1904, to prove that no contributions had been accepted from the Standard Oil Company.

"Mr. Archbold received the receipt of Mr. Flinn as treasurer and as representing the Republican National Committee for the amount of \$100,000. The contribution of \$25,000 received by Mr. Flinn as treasurer of the Pennsylvania State Committee by the Republican National Committee and hence the special arrangement for the Pennsylvania Republican Campaign Committee, and that the contribution was appreciated by both, but that the need of further financial assistance was being met and that such further assistance would be still more appreciated."

"I knew personally at the time that Mr. Archbold wanted to make this further contribution and felt that it was his desire to make it, but he was overruled by his associates, who felt sufficient had been done, and a further contribution was not made."

"In the campaign of 1904, no contribution was made to the Pennsylvania State Committee by the Republican National Committee and hence the special arrangement for the Pennsylvania Republican Campaign Committee, and that the contribution was appreciated by both, but that the need of further financial assistance was being met and that such further assistance would be still more appreciated."

"Col. Roosevelt then read from the letters which he had sent Mr. Cortelyou in the latter part of October, 1904. In these letters he said he had been informed that the 'Standard Oil people' had come to him and he told Mr. Cortelyou that it was true that such a contribution had been made the money should be returned at once. He wrote that 'in view of the open and pronounced opposition of the Standard Oil Company to the establishment of the Standard Oil Company, one of the most important accomplishments of my administration, I do not feel willing to accept its aid.' His request therefore, that the contribution be returned without further delay."

"Mr. Cortelyou informed me," said Mr. Roosevelt, "that no contribution had been received from the Standard Oil people and that none would be received. Over the next few days in response to a question of mine he said he had at that time made this statement and his memory and mine agreed entirely as to the circum-

stances of the occurrence. If any contribution was received it was against my explicit and reiterated directions as set forth in these letters in response to which as I have said, Col. Roosevelt informed me that these directions would be complied with and no contributions accepted from the Standard Oil people."

Col. Roosevelt then quoted from an earlier letter from Mr. Cortelyou in 1904, in which he said that every contribution was made without pledge or understanding regarding the policy of the administration.

What would give more real pleasure in this land of sunshine and splendid beauty than to have a woman drive a \$1000.00 a day passenger touring car, fully equipped, with radio, telephone, and radio, and the entire outfit cost \$10,000.00. It is a beauty. Any woman can drive it.

BENCH WARRANT FOR FARMER

In Los Angeles, Man Must Appear in Court to Prosecute Charges He Made Against Women.

BY A. P. NIGHT WIRE TO THE TIMES.

SAN FRANCISCO, Aug. 21.—A bench warrant was issued today by Police Judge Shortall for David Nappin, the 70-year-old farmer who recently caused the arrest of Mrs. Alice Brown, charging that she had embezzled \$3500 from him. Mrs. Brown's case was called today and Nappin failed to appear to prosecute.

In a letter to the judge, Nappin from Los Angeles, Nappin said he did not believe he had sufficient evidence to convict. A similar letter from A. G. Reilly, counsel for Nappin, also was received and the judge ordered the removal of Nappin from the bench. He believed a plot between Mrs. Brown and opposing counsel to mislead Nappin existed and should be investigated. The warrant was telegraphed to Los Angeles.

Pure Food.

UNEXPECTED JOB FOR PRINTERS.

TWENTY-FOUR MILLION LABELS TO BE REPLACED.

Department of Agriculture Insists on Its Ruling that Fruit Pulp and Juices in Canned Tomatoes Must Be Indicated Specifically on Cans by Properly Worded Paste.

BY A. P. DAY WIRE TO THE TIMES.

SAN FRANCISCO, Aug. 21.—Twenty-four million labels for canned tomatoes must be reprinted to satisfy a ruling of the Federal Department of Agriculture.

The department has held that only "solid pack" cans may bear the label "tomatoes." Cans made of juice and pulp must be labelled "Purée made from tomato trimmings with at least one pound of tomatoes."

In accordance with the ruling, C. H. Butler, general manager of the California Fruit Canners' Association, said today that orders had been sent out to the trade and to all brokers for the association that substitute labels must be used on approximately 1,000,000 cases of cans already labelled.

"The original ruling of the department," said Mr. Butler, "was made some six weeks ago and had its origin in the fact that some eastern packers had been labelling their tomatoes with water. For twenty years, California canners have been using fruit pulp and fruit juices and we appealed to the department for an interpretation of the ruling.

The department has been requested to use it and it sustains us as in our use of fruit juice and pulp as a legitimate product. To comply with the orders of the department, however, all labels will hereafter be printed as the department specifies."

LABELS TO BE SPECIFIC.

TOMATOES MUST BE TOMATOES.

BY A. P. DAY WIRE TO THE TIMES.

SACRAMENTO, Aug. 21.—By a ruling of the United States Department of Agriculture, California canners and grocers have just been notified that the canned tomato of commerce hereafter must be the real article all through rather than two-thirds of the way down the label or else the label calling the article "tomatoes" might be removed.

Under the ruling canned tomatoes which sell three for a quarter hereafter will be known as "tomatoe" or as "purée made from tomato trimmings with at least one pound of tomatoes." The ruling permits only the "solid pack" to bear the label "tomato."

The decision will necessitate the changing of the label on thousands of cans of the food stuff already put up by California canners.

ALWAYS WELL THAT ENDS WELL.

Reunion of Family of San Mateo Banker Who Crossed Across the Continent for His Wife.

BY A. P. DAY WIRE TO THE TIMES.

SAN FRANCISCO, Aug. 21.—"We are all together again and all happy," is the way Nicholas J. McNamara, the San Mateo banker, sums up the result of his chase across the continent and back for his wife, their two small sons and his automobile.

After a series of domestic difficulties Mrs. McNamara left her home with her two youngest children in the company of Mrs. Cera M. Perkins, her housekeeper, and Fred Patterson, her chauffeur. The two men had been following her with a stream of returning checks on Mrs. McNamara's bank account. With the aid of the police, he caught them in New York just as they were to sail for Europe.

The San Francisco grand jury found an indictment against Mrs. Perkins and Patterson, charging larceny of the automobile and they were brought back to San Francisco. In the meantime McNamara hurried to New York to meet his wife and followed her to their home, where they are reunited today.

"There isn't going to be any more trouble," says McNamara. "Mrs. Perkins will never darken the door of our home again."

BALLOT COLOR SCHEME.

Fourtifully and Wonderfully Constructed Primary Law Necessitates Sixty-three Forms in "Frisco."

BY A. P. DAY WIRE TO THE TIMES.

SAN FRANCISCO, Aug. 21.—Sixty-three forms of ballots will be used in the primary election in this city on September 8. This is owing to the action taken by the last Legislature in laying out the Senatorial and Assembly districts in this city. For the Republicans, Democrats and Socialist parties twenty-one ballots each have been prepared, the ballot for the Socialist being distinguished by the following colors: Blue for Republican, pink for Democrat, and orange for Socialist.

It had been necessary to print two ballots for each Assembly District in case the whole State were to be elected, as under the new apportionment Senatorial districts have been carved out regardless of Assembly district lines. Part of each Assembly district has been put in one Senatorial district and part in another.

THE BANKERS OF TOMORROW.

National Politics Are Taboo at Tenth Convention.

Scientific Finance Subject of Discussion.

Cashiers and Clerks Meet at Salt Lake City.

BY A. P. NIGHT WIRE TO THE TIMES.

SALT LAKE CITY, Aug. 21.—Half the delegates to the tenth annual meeting of the American Institute of Banking were still on their trains traveling toward Salt Lake when President Raymond B. Cox called the convention to order today. Nevertheless there were 1000 persons in the crowd who listened to the addresses of welcome and responses.

SCIENTIFIC BANKING.

The institute is made up of clerks and bank employees, "the bankers of tomorrow" as they style themselves, and is devoted to the study of scientific banking. Visitors who attend the meetings in the hope of learning the proper way to discount a note and issue an overdraft will be entertained instead with discussions on "The numerical transit system" and "A system for analysis of incoming statements, described by number."

NO POLITICS.

That political controversies will not be permitted to enter the convention was indicated this afternoon, when President Raymond B. Cox ruled out of order a motion to endorse the stand taken by James K. Lynch of San Francisco, vice-president in his address advocating a National Reserve Association for banking institutions as a second proposal by the National Monetary Commission.

Vice-President Lynch's address was read by William A. Day of San Francisco, owing to the absence of Mr. Lynch. Immediately upon its being read, John W. Gordby of Chicago, moved to endorse the stand taken by the California. President Cox ruled him out of order.

THE ORIGINAL RULING OF THE DEPARTMENT.

"The original ruling of the department," said Mr. Butler, "was made some six weeks ago and had its origin in the fact that some eastern packers had been labelling their tomatoes with water. For twenty years, California canners have been using fruit pulp and fruit juices and we appealed to the department for an interpretation of the ruling.

The department has been requested to use it and it sustains us as in our use of fruit juice and pulp as a legitimate product. To comply with the orders of the department, however, all labels will hereafter be printed as the department specifies."

Robert Watchorn of Los Angeles Heads Immigration Commission Named by Governor to Study Social Conditions Resultant from Arrival of Large Foreign Population.

BY A. P. NIGHT WIRE TO THE TIMES.

SACRAMENTO, Aug. 21.—To prepare for the expected great influx of immigrants to this State following the opening of the Panama Canal, Gov. James D. Gilmore has appointed a special State commission to go East and make a study of social conditions resultant upon the influx of foreign population.

The commission is to be headed by Robert Watchorn of Los Angeles, former Commissioner of Immigration of New York. The others named are S. L. Lubin of Sacramento, Rev. Dana W. Bartlett, Los Angeles; Robert Newton Lynch, San Francisco, and Miss Katherine Felton, secretary of the Associated Charities of San Francisco.

The commission is to serve without pay.

Life's Seamy Side.

WOMEN JURORS TO TRY WOMEN.

Mrs. Bernstein's Acquittal Declared a Tragedy.

State Attorney Wayman Proposes Radical Change.

Most Men Too Easly Swayed by Beauty in Distress.

(By Federal (Wireless) Line to The Times.)

CHICAGO BUREAU OF THE TIMES, Aug. 21.—[Special Dispatch.]

Discouraged by his continual failure to convict women charged with murder, State's Attorney Wayman has recommended to the legislature that women be given the right to serve on trial for capital or, in fact, for any serious crime.

The acquittal of Mrs. Florence Bernstein today, after a presentation of the case which left even the woman's own lawyers almost certain of a conviction, is placed forward by Mr. Wayman as his strongest argument for the proposed innovation. Of course, legislative action would be necessary in Illinois to empanel women jurors but Mr. Wayman believes such action would be forthcoming in view of the seeming impossibility of obtaining a conviction of a woman.

MEN SWAYED BY TEARS.

"We are facing a strange crisis, or, rather, a social and jurisprudential condition," says the State's Attorney, "that is attacking the very vitals of justice in Illinois and especially in Cook county."

"It is a condition that we can convict a woman of murder, even of her husband, and even if the evidence is overwhelming. Men will not do it. The sight of a tear-dimmed face, white lips and trembling hands of a woman under trial has destroyed their judicial attitude and their fairness."

FEMALE JURIES.

"After much deliberation, I have come to the conclusion that there is but one remedy. We must try women slayers and criminals by women juries. This view may be radical, but it is the only way to stop this emotional influence that is taking hold of life and liberty to women who have ruthlessly taken human life. If a jury of women had sat in judgment on Florence Bernstein they would have sent her to the gallows. We would have had a verdict of death in five minutes."

"After much deliberation, I have come to the conclusion that there is but one remedy. We must try women slayers and criminals by women juries. This view may be radical, but it is the only way to stop this emotional influence that is taking hold of life and liberty to women who have ruthlessly taken human life. If a jury of women had sat in judgment on Florence Bernstein they would have sent her to the gallows. We would have had a verdict of death in five minutes."

MEN SWAYED BY TEARS.

"We are facing a strange crisis, or, rather, a social and jurisprudential condition," says the State's Attorney, "that is attacking the very vitals of justice in Illinois and especially in Cook county."

"It is a condition that we can convict a woman of murder, even of her husband, and even if the evidence is overwhelming. Men will not do it. The sight of a tear-dimmed face, white lips and trembling hands of a woman under trial has destroyed their judicial attitude and their fairness."

FEMALE JURIES.

"After much deliberation, I have come to the conclusion that there is but one remedy. We must try women slayers and criminals by women juries. This view may be radical, but it is the only way to stop this emotional influence that is taking hold of life and liberty to women who have ruthlessly taken human life. If a jury of women had sat in judgment on Florence Bernstein they would have sent her to the gallows. We would have had a verdict of death in five minutes."

"We are facing a strange crisis, or, rather, a social and jurisprudential condition," says the State's Attorney, "that is attacking the very vitals of justice in Illinois and especially in Cook county."

Washington.
INGRATITUDE
OF THEODORE.John Sharp Williams Cites
Glaring Example.Bull Moose Steals Platform
Then Scores Populists.Jefferson Persona Non Grata
With Third-Termer.BY A. P. NIGHT WIRE TO THE TIMES.
WASHINGTON, Aug. 21.—Col. Roosevelt was attacked in the Senate today by John Sharp Williams of Mississippi for published criticism of Thomas Jefferson and other historical figures. Senator Williams declared the former President had criticized a long line of predecessors "the likes of whose shoes His Late Excellency, Theodore Roosevelt, is unworthy to unite."

Senator Williams declared Roosevelt had characterized Jefferson as "vacillating, timid and the most incapable Executive that ever sat in the Presidential chair."

"In one place," said Senator Williams, "His Late Excellency—and he probably shook his own right hand with his left when he formed the phrase—inform us that 'Jefferson was constitutionally incapable of placing the proper value on truth.'

USUAL INCONSISTENCY.

Senator Williams declared that despite statements to the effect that the picture of Jefferson had suffered the fall of the "Bull Moose" convention.

Senator Williams declared he would not have attacked Col. Roosevelt had not a general campaign been started against Gov. Woodrow Wilson, based on the fact that the early expression of opinion he ever gave.

"But Col. Roosevelt never attacked any one so bitterly as he did the old Populists, although his new progressive party has stolen every one of its planks from the old Populist platform," said Senator Williams.

NO EXCEPTION FOR JAPS.
OFFICIAL RULING.BY A. P. DAY WIRE TO THE TIMES.
WASHINGTON, Aug. 21.—H. Tamaki, Japanese commissioner-general to the Panama-Pacific exposition, was informed today by Secretary Wilson, on whom he called, that no exception could be made in applying the plant quarantine law to the Panama-Pacific. That seemed today to rare plants which the Japanese will send to the exposition.

Mr. Tamaki told the secretary some of the plants were delicate and expressed the fear that if it were made necessary to fumigate them before their arrival in the United States they would be killed. Secretary of War Gilman gave permission to Mr. Tamaki to plant the exhibit of rare Japanese flowers, shrubs and trees on the Pacific, where they will remain after the exposition, a gift from Japan to this government.

WILL INVESTIGATE HEMP TRUST.

BY A. P. DAY WIRE TO THE TIMES.
WASHINGTON, Aug. 21.—[By A. P. Day Wire.] Investigation of the so-called American hemp trust and its alleged connection with the International Harvester Company and the extent of the depression of hemp prices obtainable by Philippine hemp to be pressed at the next session of Congress. This announcement was made today by Representative J. W. of Virginia, chairman of the House Committee on Indian Affairs.

Named by the President.

WASHINGTON, Aug. 21.—[By A. P. Day Wire.] President Taft sent to the Senate today the following consular nominations: Perry C. Hayes of Montana at Zanzibar; George N. Hanson of Utah at Hobart, Tasmania, to claim damages for their treatment.

PITH OF THE DAY'S NEWS
FROM THE MIDDLE WEST.

BY DIRECT WIRE TO THE TIMES.

CHICAGO BUREAU OF THE TIMES, Aug. 21.—[Exclusive Dispatch.] Fairly comfortable weather prevailed today, with plenty of sunshine. Rains were falling to the south and east of this district, but there was no rain west or north. The temperature rose rapidly, but forecasters say it will drop back to the sixties before morning, with a shift in the wind. The maximum temperature was 82 deg. and the minimum 71 deg. West wind, eight miles an hour. Other temperatures:

FRIEND'S FACE
ON RETINA.Detectives Get Clue by Photo-
graphing Eye of
Girl.BY Federal (Wireless) Line to The
Times.]

COUNCIL BLUFF (Iowa) Aug. 21.—[Special Dispatch.]

Detectives at Villisca, Iowa,

near here, who are working to

solve the recent murders of

eight persons in that city, have

succeeded in getting a photo-

graph of the retina of the eye

of the young girl, one of the

victims of the fund. The girl,

named Stillinger, was slain with

a hatchet. The photograph,

clearly developed, shows a man

of stout build and of extra-

ordinary width between the

shoulders. This is the only

freakish part of the photo-

graph, caused, it is believed, by

the convex surface of the retina.

The murderer, according to the

photograph, wore an apron and

a mask.

STOCKTON OPPOSES BRIDGE.

Proposal to Build Pier Across Head
of Suisun Bay Is Argued Before
Army Engineer.

BY A. P. NIGHT WIRE TO THE TIMES.]

SAN FRANCISCO, Aug. 21.—Stockton citizens offered the principal opposition to the plan of the Oakland, Antioch and Eastern Railway Company to construct a pier bridge across the head of Suisun Bay to Chipotle Island, when the case was called today for hearing before Major A. C. Chittenden, chief engineer of the Union Pacific and R. L. Huntley, chief engineer, were the incorporators of the Hastings and Northern.

TUNNEL THROUGH DIVIDE.

That a separate company will be formed by James A. McIlwain and associates of this city to drive a tunnel through the continental divide at the cost of \$3,500,000 to enable the Denver, Northwestern Pacific Railroad to connect Salt Lake, was reported here.

The tunnel company plans to ob-

tain its revenue by charging tolls on

all freight and passenger business.

At end of five years the railroad will be turned over at the rate of one million dollars in excess of cost, it is said.

RAILROAD CATASTROPHES.

An Inventor Declares that Office-
Seekers Cause More Wrecks Than
Defective Safety Signals.

BY A. P. NIGHT WIRE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, Aug. 21.—[Special Dispatch.]

So-called reformers and politicians seeking to get into office wreck more railroads annually than all the defective block signals in existence," declared Inventor George H. William, the Boston chemist before the annual convention of International Railway Master Blacksmiths' Association here today.

These men seek to make capital out of false attacks on railroads, crippling them and indirectly helping the world. They are entirely selfish and never seem to realize that millions of dollars of capital are at stake and the positions of 5,000,000 employees depend on the prosperity of the railroads.

The consequent retrenchment of devices and employees, in the estimation of Inventor William, causes one wreck, as the men and the machinery for proper operation are impossible when outside attacks with ulterior motives are crippling the resources of the road and keeping away capital that otherwise would be invested.

VENEZUELA READY TO MAKE UP.

PARIS, Aug. 21.—[By A. P. Night
Wire.] The negotiations for the resumption of diplomatic relations between France and Venezuela, broken off in December, 1905, have been advanced, probably, by the tardy agreement of Venezuela to recognize the right of French merchants expelled from Caracas by President Castro, in February, 1908, to claim damages for their treatment.

BIRTHDAY DINNER.

ST. PAUL WILL HONOR HILL.

BY A. P. DAY WIRE TO THE TIMES.]

ST. PAUL (Minn.) Aug. 21.—St. Paul will honor James J. Hill on his seventy-fourth birthday September 14 with one of the largest banquets ever given in this country. The banquet will be held at the Adelphiium and 1300 will be present. A general invitation to the citizens of St. Paul will be extended in addition to the hundreds of invitations that will be mailed. The event will be of such a character as to allow every one of Mr. Hill's old friends to be present.

RAILROAD PROMOTIONS.

TELEGRAPHER TO MANAGER.

BY A. P. DAY WIRE TO THE TIMES.]

OMAHA (Neb.) Aug. 21.—Charles Ware, general superintendent of the Union Pacific Railway, has been appointed to succeed Vice-President and General Manager W. B. Scott, whose election as president of the Southern Pacific lines in Texas and Louisiana is announced.

Ware has been in the service of the Union Pacific for twenty years, having risen from the position of tele-

grapher to chief telegrapher.

MILITA TO QUELL RIOTS.

Heavily Armed Strikers Flourish
Torch in West Virginia Coal Min-

ing Camp of Dorothy.

BY Federal (Wireless) Line to The
Times.]

DOROTHY, (W. Va.) Aug. 21.—[Special Dispatch.] A full company of State militia is on its way to this town, where 2500 striking miners are rioting and threatening to burn the outbuildings and colliery sheds of the coal mining company. The men went out in sympathy with the miners in the Mate Creek district and were heavily armed. They are employees of the Four Coal Co. Company.

Gov. Glasscock ordered the militia to jump into a machine and at the same time placed a chemical extinguisher in the hands of Lillie's mechanician.

and pushed him into the sea beside the motor. The "run" was made in less than a minute and the flames extinguished before serious damage was done.

ESCAPE IN A FOG.

BY A. P. DAY WIRE TO THE TIMES.]

MILWAUKEE, Aug. 21.—While a heavy fog overhung the lake last night fourteen naval militiamen from the training ship Dubuque and seven from the Yantic are said to have left the ship in Milwaukee Bay. Officers ashore for the men who were on board the Dubuque, which had been from Chicago, it is said, charge that the discipline is too severe and that they were not satisfied with the food. The crew of the Yantic alleges the punishment meted out to seven men was severe. The men do not return to the ship within ten days, they will be charged with desertion and subjected to court-martial. On being brought back now they will be thrown into the brig for six or seven days on a diet of bread and water. The alleged mutineers are believed to have made their way to Chicago.

Short Cut Line.Tunnel Through Continental
Divide Is Planned.The Moffat Road Is to Build
to Salt Lake.

BY A. P. NIGHT WIRE TO THE TIMES.]

DENVER, Aug. 21.—A cut of a hundred miles in the distance between here and St. Joseph, Mo., is announced here today as having been decided upon by the Union Pacific.

The new route will be over the main line from Denver by way of Julesburg to Gibbons, Neb., thence over a new road to Hastings, from which point it will use the tracks of the St. Joseph and Grand Island into St. Joseph. The entire distance will be \$14 miles.

To that end the Union Pacific has called a meeting of its stockholders for October 14, to propose a \$15,000,000 bond issue.

L. Mohr, president of the Union Pacific, and R. L. Huntley, chief engineer, were the incorporators of the Hastings and Northern.

parts in order that communication may be maintained between the cable station and the American legation at Managua.

DENVER DUE.

The gunboat Denver, under rush orders, should arrive at Corinto Saturday. She will land about 150 blue-jackets, bringing the total American force ashore up to 700. This force could be increased if the conflict continues, by a draft of marines from Mare Island Navy Yard.

Senator Bacon's resolution was referred to a committee to report upon the proposed extension of the group investigation. Gen. Meno has been notified by American Minister Weitzel that Managua is a place of refuge and that no further bombardment or hostilities will be permitted.

REBEL LEADER UNDER ARREST.

DET A. P. NIGHT WIRE TO THE TIMES: NEW ORLEANS, Aug. 21.—Gen. Luis Meno, leader of the revolutionaries in Nicaragua, was seized and is now held as a prisoner by members of the Liberal party in Leon, according to wireless messages from Bluefields; received here today by Juan J. Zavala, Nicaraguan Consul at New Orleans.

IT'S ALL HER BUSINESS.

Pasadena Wife of a New Yorker Refuses to Tell the Quiddities What She Now Intends to Do.

DET A. P. NIGHT WIRE TO THE TIMES: NEW YORK BUREAU OF THE TIMES, Aug. 21.—[Special Dispatch] Mrs. Elder Marcus, Jr., of Montclair, who recently started society by announcing that domestic life paled on her and that she had decided to leave her husband and children, has sent word she will follow them. Her departure is the final step in her abandonment of her family.

Mrs. Marcus was asked where she planned to go. "That is none of your business," she said.

Mr. Marcus is a son of William Elder Marcus and head of the jewelry firm of Marcus and Company of New York. Mrs. Marcus is a daughter of George B. Cook, Pasadena, Cal.

THE PANCAKE HAT.

Big Top Pieces for the Ladies are Going to Be Taboo "Arbiter Elegantissimum" Says.

DET DIRECT WIRE TO THE TIMES: CHICAGO BUREAU OF THE TIMES, Aug. 21.—[Exclusive Dispatch] The fall and winter hats resemble a diminutive pancake.

The first "showing" as the milliners who are just now getting abroad in their efforts of a perfect revolution in hats. Those now being displayed are designed to make the head appear as small as possible, which means of course—exit every wisp of hair.

The turbans are the most interesting. They are rather shy on material, but what they lack in that respect, they make up in "style," designed to sit down over the ears.

CHILD SAVES BABY BROTHER.

Mother Lights Fire with Kerosene and Is Burned to Death After Setting House Aflame.

DET A. P. NIGHT WIRE TO THE TIMES: GREELEY (Colo.) Aug. 21.—A child 3½ years old saved the life of its baby brother, aged 8 months, today, after the mother, Mrs. Katherine Weber, ran from the kitchen in her home enveloped in flames which set her clothing on fire.

THE PANCA

Political.

NOTIFICATION OF SHERMAN.

Precedent Broken in Naming Vice-President.

Caustic Fling at Bull Moose by Senator Sutherland.

Taft Sends Hearty Telegram to Running Mate.

(ST. L. P. NIGHT WIRE TO THE TIMES.)

UTICA (N. Y.) Aug. 21.—Vice-President James S. Sherman, in accepting the Vice-Presidential nomination of the Republican party, said, in part:

"Gentlemen of the committee: You

represent the forty-eight States of

the Union and 8,000,000 Republican voters

in our organization. You have been

representing them, met in Chicago in

June. The annals of American parties

do not record the proceedings of a

political gathering conducted with

more spirit, more earnest, deliberation,

and with a worthy purpose than that

for which you speak.

NOT DESCRIVED BY CLAMOR.

"Not described by the clamor of

those who attempted to bolster up

claims without basis, by hundreds of

contests resting on a foundation so

firm that in the light of investigation

most of them melted away like

snow in a furnace heat and were re-

jected by quite, or nearly, a unanimous

vote. The convention adopted a

platform that is a ring for a

and constitutional government, and

worthily bestowed the renomination

upon our present Chief Executive.

UNUSUAL DISTINCTION.

"Our party never before has con-

ferred a second nomination for the

office of Vice-President upon any man.

The distinction was not sought by

me, but, and indeed, it is the ap-

preciated. As a loyal Republican, I

stand squarely upon the party plat-

form, the approval of the admirable

platform of Republican principles

and achievements, and in accepting

the nomination for President by

William Howard Taft. Upon that

platform, I graciously accept the re-

nomination.

"Our opponents are divided into

two camps, rivaling each other in

their efforts to excel in disturbing

the civic and economic order of the

country. They have turned their

forward into the vacuum left by

the phantoms of other third parties which

have passed into oblivion. Oblivion,

too, awaits it. The Democratic party

has many times defeated

its Republican rival in August, but

twice has it done so.

EDUCATION NOT STATEMAN.

The speaker commented upon the

platforms of the Democratic and

Progressive parties and read excerpts

from a volume written by Gov. Wil-

son, whom he declared a pedagogue,

called for the support of every dif-

ferent. Confusing, he said:

AN AGE OF FRENZY.

The crime of this new age is fren-

zied speech and action, lack of

thought, a spurning of deliberation

and of the weighing of consequences.

Waking with projects to "get rich" is

the pastime of the multitude. Auto-

mobile racers carry their passengers

to death at a mile a minute. The

British Board of Trade attributes the

recent accident in the Atlantic with its

most terrible words to "frenzy."

The so-called Progressive party was

born, its sole excuse for existence be-

ing the unfounded claim that it

was the Progressive party of

1896. The Progressive party of 1896

was defeated for a like nomination by stolen

votes at the Republican Convention.

AN HONEST NOMINATION.

Senator Sutherland briefly reviewed

the question of contested delegates

at the Republican convention with the

contention that President Taft's

nomination was gotten fairly and

honestly. He referred to the public

statement that some of the Roosevelt

contests had been set afoul for a psychological effect.

"It would be a strange rule of evi-

dence which would require us to accept

the contention of a belligerent psycholog-

ist who confesses to an at-

tempt to purloin the larger portion of

an honest man's property, as con-

clusive evidence of the psychologist's

own statements, he continued.

"There never has been in all history

a more unique convention than

that of the Progressive party at

Chicago. Heretofore, it has been

wholly ignorant of Chicago, and

utterly folded hands, the appear-

ance to tell them what they believed.

THE GREAT IDOL.

"Upon his appearance he was re-

ceived with reverent adoration. With

a spirit of self-adoration never

seen since the charge of the Light

Guard why, their but to do and

the sort of exaltation led by the

Grand Young Man from Indiana, do-

not but tuseful, the assembled, van-

ous public, the press, the

and the public, the

CROWN LINERS.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

HUNTER IS INJURED.

Auto Sent to Bring Party Back from Mountains—Details of Accident Are Lacking.

BY DIRECT WIRE TO THE TIMES.

REDLANDS, Aug. 21.—(Exclusive Dispatch.) G. W. Wright, a well-known rancher of Redlands Junction, was injured in an accident while hunting in the San Jacinto Mountains, and his companions are bringing him to Redlands.

A telephone message only asking that an automobile be sent to meet the party and hurry with it to the hospital, came from A. M. Frink, A. W. Hatch and Mark Lopez, with whom Wright has been hunting deer in the San Jacinto Mountains about twenty-eight miles from the town of San Jacinto. Details of the accident are not available.

Mark Frink and Leonard Barth will leave at once to meet the party which is coming by team.

BUILDING PLANS ARE ACCEPTED.

POOR-HOUSE AND HOSPITAL TO BE OF THE BEST.

Classic in Design and Fireproof, Structures Are to Cost \$200,000. Death Takes Husband After Home Nest Is Prepared—Solar Students Get Together for Scientific Gossip.

SANTA BARBARA, Aug. 21.—A poorhouse costing \$200,000, with all of the modern improvements in building such as roofgardens, elevators and the like, is to be erected in the Santa Barbara city. Plans for the palatial structure, prepared by Architects George F. Coster and J. F. Kavanaugh, were accepted by the Board of Supervisors at its last meeting.

When the Supervisors bought the Burri Moore ranch in the Goleta Valley as a site for the poorhouse and County Hospital, they determined to adorn it with buildings that could not be surpassed any place in the country and advertised for competition by architects who wanted the job of erecting the various structures.

The buildings are to be classic in design, three-stories and basement, with the hospital and poorhouse to accommodate 100 patients each.

The hospital will be fireproof while the material for other structures will be semi-fireproof. All walls will be dustproof, verminproof and sanitary.

The exterior finish will be plastered above the stucco and have merchantable brick. The roofs will be of tile except where used as roofgardens.

SOLAR OBSERVERS.

Father Ricard, a director of the observatory of Santa Clara university, noted for his application of solar study to meteorology and seismology, is a guest at the parochial residence of the Church of Our Lady of Sorrows. He came to Santa Barbara especially to conduct a series of lectures to be given at the various parishes in the city.

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.
The Board of Public Utilities yesterday decided that Los Angeles street will be eliminated from further consideration in the plans for a railroad to relieve Main Street congestion unless a presentation is made by the city with the board, which withdrew.

The Police Commission yesterday took official notice of a trick of certain restaurant keepers with liquor licenses to evade the spirit of the law, and ordered rigid rules drawn.

The City Council yesterday refused to endorse the Good Government Organization's resolution demanding the immediate building by the city of a municipal road on San Pedro street, but referred it to the Finance Committee.

The Public Utilities Board yesterday recommended the granting of numerous franchises and franchises and continued hearings on several others.

The Police Commission yesterday revoked one liquor permit, and cited two saloon men to appear to show cause why their licenses should not be revoked.

Damages in \$15,000 is demanded for libel by a husband and wife, school teachers, in a suit filed in the Superior Court yesterday, against a book dealer. They allege he falsely charged them with having taken books from his store.

As the City Hall

RELIEF ROAD IS HOMELESS.

UTILITIES BOARD WRESTLING WITH KNOTTY ONE.

Everybody Wants It but Nobody Has Any Idea Where It Ought to Go—Los Angeles Street as Alternative to San Pedro Likely to Be Out of the Running Soon.

Where shall the relief road be built to ease the traffic congestion on Main street? This is the uppermost question before the Board of Public Utilities at present, and it reaches out so as to include the City Council, the Municipal Railroad Commission, various civic organizations and a large part of the population of Los Angeles and numerous suburban districts that feel the restraint imposed by present conditions of congestion of traffic.

Unless the protestants to the inclusion of Los Angeles street in the general plan as an alternative to the use of San Pedro street for the proposed road of the Pacific Electric with railroad opposition within the next few days, this street will be eliminated from further consideration in this subject.

This was the announcement made by members of the Board of Public Utilities yesterday, after a long conference with the members of the Harbor Commission, the San Pedro Utilities Board, the Municipal Railroad Commission, the City Attorney, President Shoup of the Pacific Electric and Attorney Hill of this company.

Mr. Germann of the Germann Seed Company, who is heading the movement to have Los Angeles street property owners to have this street used instead of San Pedro street for the proposed line, stated last evening that the men he represents are making good progress with their plans, and have already secured signatures of quite a number of the former protestants, while others have the promise of numerous others to support their protestation.

"It looks as though our proposition will be in shape to present within a few days—before Tuesday, anyway," said Mr. Germann yesterday. "We will have a tangible proposition to present to the City Council, and we will have the Anglo-street property owners enthusiastic over it."

Commissioner Bokin of the Public Utilities Board said last evening that the board would have its final report ready to present to the City Council next Tuesday.

"We are making constant progress, and at each conference we feel that we are nearer the final solution of this problem. While we did not arrive at a definite decision at today's conference, we will continue the work to be able to make our recommendation to the Council next Tuesday."

"Man at liberty to state that Mr. Shoup will accept a franchise, the tenure of which is for less than ten years, and the stated purpose that it will take when the Main-street congestion. That, of course, means that he would use Los Angeles street for his line if that street is finally decided upon, but I can say now that unless the opposition to its use for that street is removed, as shown by the report that is on file in our office, the further consideration of Los Angeles street in this project will be abandoned."

F. V. Owen, secretary of the Good Government organization, yesterday appeared before the City Council and presented the resolutions adopted by that organization on August 14, declaring it to be the sense of that organization that the city of Los Angeles should proceed at once to build a double-track, three-rail street car line on San Pedro street, from the 10th to 5th streets, for the immediate relief of the congestion of all street railway traffic.

He represents that the organization he represents believes it to be the immediate duty of the city to once build this railroad and start operating railroads on the Pacific Electric and Los Angeles Railway Corporation, as this would at once end the congestion, provide facilities sorely needed by both railroads, and render the traveling public relief by which they have long and patiently waited.

There was an attempt by Councilman Bokin and Lusk to object to the resolution of the Good Government organization, but Councilmen Bokin and Lusk objected.

It is known that the city has not the money to build the road, said Mr. Bokin, "and when there are people waiting and ready to build it, and could it speedily, it is simply good business for us to take advantage of this, and to throw such safeguards around the permission that the city will be able to buy it when it is proposed to do so."

It was finally decided to refer the resolution to the Finance Committee, which will meet next Monday at 2:30 o'clock.

If the Good Government organization, which ought to know the city's financial situation, would back its re-

solution with an offer to take the city's money for enough money to build this road, said President Frank of the Utilities Board, yesterday: "Then I would be in favor of going ahead with a municipal project, and I would take some stock in it myself; but we have the report of the City Auditor that there are no city funds available."

A CUTE SCHEME.
IT WILL BE NIPPED.

Most of the worries of the Police Commission appear to be those arising from matters connected with the regulation of the liquor business. Chief of Police Sebastian yesterday reported to the commission a source of trouble that has not yet been reached, in a scheme of restaurants with liquor permits to "stock up" previous to their closing time, and have it ready to confer with Commissioners Akey and McDill and prepare rules that will put a stop to this practice.

Chief Sebastian says: "It is coming to my attention through different channels that certain persons possessing restaurant liquor licenses have permitted patrons to 'stock up' with bottled liquors a few moments in advance of closing time, thereby ensuring themselves a profit on the rods within the restaurant long after the closing hour; also that the music in these places is permitted to continue after closing hours on Saturday and Sunday nights."

The practice, so I am informed, has been for the proprietors to send employees to the tables five or ten minutes in advance of the closing hour to warn the patrons that they will be compelled to leave the premises if there is no liquor on their tables.

"Quite a number of the owners of restaurant liquor licenses agree with me that this is an evasion of the ordinance, and the spirit predominating the Police Commission.

"Several of these men rigorously enforce a self-made rule prohibiting the sale of more than one bottle of liquor within a period of five to ten minutes preceding the closing hour in restaurant liquor establishments; also that they do not permit the playing of music in their places after the hour of midnight on Saturday and Sunday.

"To end these abuses I respectfully urge you, your honored body to adopt a rule that will prohibit the sale of more than one bottle of beer or wine or other liquor in the ten minutes preceding the closing hour in restaurant liquor establishments; also that will prevent the drinking and noise problem, purchased thereon, and another rule requiring the playing of music and singing to stop at the midnight hour on Saturday and Sunday. The adoption of these rules, I believe, will operate to the satisfaction of all concerned."

Gets New Location.

John Gho, who has conducted a saloon at No. 601 San Fernando street for the past ten years, was granted a permit for No. 1100, San Pedro, by the Police Commission yesterday.

Gho's place was in a building that was condemned for the purpose of opening Sunset boulevard into North Main street, and he goes into one of the buildings erected on this street frontage.

Cited to Appear.

Louis Vinalia, who is a partner in the South Commercial Liquor Company at No. 100 Commercial street, was summoned by the Police Commission yesterday to appear at the next meeting of the board to show cause why the liquor permit for this place should not be revoked. It is charged that liquors have been sold in his place, and he has been, despite his having made bad sales, having been made at various places without the stock being tagged, as required by the ordinance.

J. R. O'Neill, who has a wholesale liquor permit for No. 420 West Eighth street, was also cited to appear, he being charged with making illegal sales of liquor.

Falcone Is Exonerated.

The Falcone saloon, which is located at No. 642 North Broadway, may continue in business, although the life of its license is in jeopardy yesterday when Falcone was tried before the Police Commission on the charge of allowing rioters to occupy his place, resulting in a stabbing and shooting fight. It was finally decided that Falcone was not to blame for the trouble occurring.

Severs for the South.

The City Engineer yesterday reported to the Board of Public Works that he has prepared plans for securing all of the territory south of Slauson avenue to Manchester avenue and between the eastern and western city limits, but that considerable stretches of rights of way will have to be secured by condemnation proceedings or otherwise, and the project is being delayed in order to secure these rights of way without litigation, if possible. He urges the project that is on file in his office, withdrawn, the further consideration of Los Angeles street in this project will be abandoned.

F. V. Owen, secretary of the Good Government organization, yesterday appeared before the City Council and presented the resolutions adopted by that organization on August 14, declaring it to be the sense of that organization that the city of Los Angeles should proceed at once to build a double-track, three-rail street car line on San Pedro street, from the 10th to 5th streets, for the immediate relief of the congestion of all street railway traffic.

He represents that the organization he represents believes it to be the immediate duty of the city to once build this railroad and start operating railroads on the Pacific Electric and Los Angeles Railway Corporation, as this would at once end the congestion, provide facilities sorely needed by both railroads, and render the traveling public relief by which they have long and patiently waited.

There was an attempt by Councilman Bokin and Lusk to object to the resolution of the Good Government organization, but Councilmen Bokin and Lusk objected.

It was finally decided to refer the resolution to the Finance Committee, which will meet next Monday at 2:30 o'clock.

If the Good Government organization, which ought to know the city's financial situation, would back its re-

Filing Is Reduced.

Harbor Engineer Vincent yesterday notified the Board of Public Works that the change in the plans for the municipal wharf at the Huntington pier will be reduced in size, and that in lengthening the proposed slip at the outer end from 1200 to 1300 feet, and in setting the proposed toe on the slope for the rock bulkhead fifteen feet from the original location, in order to clear proposed pilaster piles, the area to be filled is proportionately reduced, and that the total filling is estimated at 1,000 cubic yards instead of 1,400,000, as originally intended. The board will so instruct the Standard American Dredging Company, which has the contract for filling.

Plans for Natural Gas.

The Board of Public Utilities yesterday had a conference with representatives of oil and gas companies and recommended to recommend to the City Council an amendment in the city ordinance regarding gas service whereby requirements of certain light units in gas will be eliminated and the use of natural gas will be allowed.

Numerous Spur Tracks.

Yesterday was spur-track franchise day before the Board of Public Utilities. Numerous applicants were acted upon; several were continued, but the following were recommended for granting by the City Council:

Editor, Electric Company, on Rondondo street, near Alhambra avenue. Newark Grain Company, changed to the Great Western Milling Company, at Alameda and Eighth streets. Baker & Hamilton, on Rondondo street, near Alhambra avenue.

It was finally decided to refer the resolution to the Finance Committee, which will meet next Monday at 2:30 o'clock.

If the Good Government organization, which ought to know the city's financial situation, would back its re-

solution with an offer to take the city's money for enough money to build this road, said President Frank of the Utilities Board, yesterday: "Then I would be in favor of going ahead with a municipal project, and I would take some stock in it myself; but we have the report of the City Auditor that there are no city funds available."

A CUTE SCHEME.

IT WILL BE NIPPED.

Most of the worries of the Police Commission appear to be those arising from matters connected with the regulation of the liquor business. Chief of Police Sebastian yesterday reported to the commission a source of trouble that has not yet been reached, in a scheme of restaurants with liquor permits to "stock up" previous to their closing time, and have it ready to confer with Commissioners Akey and McDill and prepare rules that will put a stop to this practice.

Chief Sebastian says:

"It is coming to my attention through different channels that certain persons possessing restaurant liquor licenses have permitted patrons to 'stock up' with bottled liquors a few moments in advance of closing time, thereby ensuring themselves a profit on the rods within the restaurant long after the closing hour; also that the music in these places is permitted to continue after closing hours on Saturday and Sunday nights."

The practice, so I am informed, has been for the proprietors to send employees to the tables five or ten minutes in advance of the closing hour to warn the patrons that they will be compelled to leave the premises if there is no liquor on their tables.

"Quite a number of the owners of restaurant liquor licenses agree with me that this is an evasion of the ordinance, and the spirit predominating the Police Commission.

"Several of these men rigorously enforce a self-made rule prohibiting the sale of more than one bottle of beer or wine or other liquor in the ten minutes preceding the closing hour in restaurant liquor establishments; also that will prevent the drinking and noise problem, purchased thereon, and another rule requiring the playing of music and singing to stop at the midnight hour on Saturday and Sunday.

"To end these abuses I respectfully urge you, your honored body to adopt a rule that will prohibit the sale of more than one bottle of beer or wine or other liquor in the ten minutes preceding the closing hour in restaurant liquor establishments; also that will prevent the drinking and noise problem, purchased thereon, and another rule requiring the playing of music and singing to stop at the midnight hour on Saturday and Sunday.

"Quite a number of the owners of restaurant liquor licenses agree with me that this is an evasion of the ordinance, and the spirit predominating the Police Commission.

"Several of these men rigorously enforce a self-made rule prohibiting the sale of more than one bottle of beer or wine or other liquor in the ten minutes preceding the closing hour in restaurant liquor establishments; also that will prevent the drinking and noise problem, purchased thereon, and another rule requiring the playing of music and singing to stop at the midnight hour on Saturday and Sunday.

"To end these abuses I respectfully urge you, your honored body to adopt a rule that will prohibit the sale of more than one bottle of beer or wine or other liquor in the ten minutes preceding the closing hour in restaurant liquor establishments; also that will prevent the drinking and noise problem, purchased thereon, and another rule requiring the playing of music and singing to stop at the midnight hour on Saturday and Sunday.

"The practice, so I am informed, has been for the proprietors to send employees to the tables five

ATTITUDE OF THIS JOURNAL.

For the country and the flag.

For the Constitution and the courts.

For maintaining the honor of the army and navy.

For order and law among the people.

For an Ocean-to-Ocean Highway.

For unshackled labor, nation-wide.

For the freedom of speech and the press.

For Labor's protection, reward and security.

For social order and business stability.

For the home and its safeguarding.

For the old cause and the old guard.

For security in the State.

For the old cause and the old guard.

Vernon Goes Forward While Angels Lose—Big Leagues

Leaders Slipping.

MIGHTY RICHIE AGAIN BEATS NEW YORK GIANTS.

Shuts Them Out in Fine Postponed Game and Makes Tereau Seek the Shade—Cubs Land on Him Hard in the Sixth Inning for Three Runs—No Score for First Five Rounds.

BY FREDERICK (WIRELESS) LINE TO THE TIMES.

CHICAGO BUREAU OF THE TIMES, Aug. 21.—[Special Dispatch.] Lou Richie, accomplished the greatest pitching feat of the year when he defeated the Giants this afternoon, making it three victories within a week from the hardest team beat in the National League. Last Sunday he beat Marquard. Saturday he tripped Christy Mathewson and today he supped Tinker.

Tinker pitched wonderful ball for five innings. Then the strain told and the Cubs landed on him. He retired in favor of Crandall in the eighth. The score today was 4 to 0, and the Cubs are only four and one-half games behind the Giants. McGraw and his men go to Pittsburgh and there is more trouble ahead for them.

Archer gleaned the first hit of the game for the Cubs in the third. This irritated Tereau, who thereupon struck out Richie, Sheppard and Schulte in a row.

For five and a half innings the teams fought in deadly combat, fought with the bats and the bats with the Cubs away in the last of the sixth and pounded the hitherto impregnable Tereau, smashing in three rallies.

Tinker led the attack with a single. Zimmerman followed on his heels with a two-bagger. Tereau was unable to pull himself together, and Schulte's count the two runners. Evers bunted and was safe, which caused the Giants to enter a protest, claiming that Leach had been tagged on the play. After peace was restored Evers did exactly the same as Sauer did, only safe, filling the bags. Archer and Richie died. A wild pitch to Leach in and ended the havoc.

McGraw, who injured himself during the St. Louis series, practiced on first the Giants. He limped properly, so Snodgrass took his place in the game and Devore went to the field.

GAME IN DETAIL.

NEW YORK.—Snodgrass walked, but was caught stealing second. Archer to Tinker. Doyle flew out to Sauer. Becker singled to center and Murray died to Leach. No runs, one hit, no errors.

Chicago.—Sheppard grounded to Snodgrass. Schulte fanned. Devore got Tinker's fly. No runs, no hits, no errors.

SECOND INNING.

New York.—Devore was safe on Zimmerman's wide throw to first; Leach was under Herzig's fly. Myers was out. Zimmerman to Sauer. Fletcher filed to Schulte. No runs, no hits, one error.

Chicago.—Zimmerman filed to Doyle. Leach was safe but was caught stealing. Sauer was passed but Evers died to Murray. No runs, no hits, no errors.

THIRD INNING.

New York.—Becker filed to Leach. Richie and Sauer disposed of Myers. Fletcher singled past Zimmerman. Tereau singled to left. Snodgrass lined to Zimmerman. No runs, two hits.

Chicago.—Archer was out. Doyle to Snodgrass. Sheppard out to Sauer. Sheppard doubled into right field crowd. Murray was under Schulte's long fly. No runs, one hit.

SIXTH INNING.

New York.—Evers got Herzig's fly. Zimmerman and Sauer disposed of Myers. Fletcher singled past Zimmerman. Tereau singled to left. Snodgrass lined to Zimmerman. No runs, two hits.

Chicago.—Archer was out. Doyle to Snodgrass. Sheppard out to Sauer. Sheppard doubled into right field crowd. Murray was under Schulte's long fly. No runs, one hit.

SEVENTH INNING.

New York.—Devore got Tinker's fly. Herzig singled to center. Myers died to Schulte. Fletcher forced Herzig. Evers to Tinker. No runs, one hit.

Chicago.—Schulte doubled down the first base line. In an attempt to sacrifice Tinker to Tereau, he struck out. Leach died to Tinker. No runs, one hit.

New York.—McMormick batted for Tereau, died to Sheppard. Snodgrass passed to Tinker. Doyle singled past Evers. Becker forced Doyle. O'Neill and Snodgrass disposed of Evers. Archer singled to left. The work of Milan and Gordon in the field started, outside of Groom's pitching.

NEARLY A SHOT-OUT.

NEW YORK BEATS CHICAGO.

BY FEDERAL (WIRELESS) LINE TO THE TIMES.

NEW YORK BUREAU OF THE TIMES, Aug. 21.—[Special Dispatch.] New York carried off the opening game of the series with the Sox. The score was six to one. Benz was his most opportunity, while Caldwell kept his bingles well distributed.

After going it nip and tuck for three and one-half innings, the Highlanders finally reached home and nipped him for three hits. Chase singled and took second on a sacrifice. Single of Paddock's stick tallied him. Sturnett singled, and counted Paddock.

Score:

CHICAGO.

NEW YORK.

Leaders Slipping.

LOCAL THEATRISTS HELP CUBS WIN.

Walter Morosco, Jr., the well-known Los Angeles baseball fan was the guest yesterday of Frank Chance in Chicago at the great game played by the Cubs and the New York Giants.

In addition to several millionaires Walter invited the following members of the Bird of Paradise Company, all California roosters:

Frank Sheridan, John W. Burton, Bebe Barracole, Howard Hickman, Jane Meredith, Robert Harrison and the Hawaiian Quintette, charmed by Mrs. Oliver Morosco.

RARE QUESTION OF CITIZENSHIP.

Contention Affects Estate, of Late Congressman.

A Conductor Hunting for Ice Falls Into Boiling Vat.

Sheep Assessments Puzzle Arizona Supervisors.

General Correspondent of The Times; PRESCOTT, (Ariz.) Aug. 19.—In the United States Court of Claims has been developed a contention that citizens' rights had never been acquired by John G. Campbell, one of the pioneer residents of this locality, whose heirs now are suing for the value of live stock stolen by Indians from Campbell's ranch, in Chino Valley, in 1888. Despite this alleged bar upon the standing of the case before the court, there is evidence that Campbell voted in San Francisco in 1888 and in Prescott in 1892, when he came to the Pioneers' Home, which was a member of the Territorial Council in 1885 and 1874, served as County Supervisor several terms and represented Arizona in the Forty-sixth Congress. For many years Campbell was wealthy in land and cattle, but his widow, a member of the pioneer family in Los Angeles, now is destitute. In the same court, Senator Houghtaling has taken up her claim and will urge it before Congress on the assumption that anyone who has served in the House of Representatives cannot be deemed to have been a citizen, other than citizens by virtue of the naturalization of his father, as his birthplace was in Scotland.

FRIENDS' FATAL STROKE.

Tuesday afternoon, at Seligman, Pedro Garcia stabbed and killed Francisco Velasco, in a drunken row in the saloon. The man had been friends and both had been employed on Santa Fe track work. Garcia's first stroke passed through Velasco's hand-upcaded, to ward off the blow, and penetrated the neck three inches, severing the spinal cord. The first two stabbings over his head, is now in jail in Prescott in a state of mental collapse.

FALLS INTO BOILING VAT.

While hunting about in the dark for a piece of ice within the Winslow ice plant one night last week, Santa Fe Conductor J. H. Mellott fell into a tank of molten water and was so scalded that he had to be taken to Los Angeles for hospital attention. From the waist to his feet the man's body was found in a serious condition when medical attendants were given him immediately after the accident.

COFFEE TURN UP WORD.

John Duke, a pioneer citizen, who for years fought the city of Prescott in the courts, now has appeared in the role of contestant of the claims of the Arizona Land and Irrigation Company upon the waters of Granite and Willow creeks. It has just been learned that Duke has turned upon right way in the two valleys, after being in the United States Land Office at Washington his intention to irrigate the Lonesome Valley. Duke's plan has been ordered by the two claims, to be set in Prescott, September 26, with a final hearing at the Phoenix Land Office, October 15, when a decision will be announced. The company had arranged for service 1000 feet at the time of October 15, but the plans made now must be held in abeyance till after determination of the contest.

LOUDBURST.

Heavy rains and clouds bursts continue all over central and northern Arizona. Within Prescott, Granite Creek became a raging torrent, tearing up a section of railroad bridge and delaying for twelve hours all rail traffic to the southward hours.

STRIKING DISCREPANCY.

Preparation of the tax roll in Apache county has developed a puzzling condition. On the forest resources of the county alone, permits have been given, and paid for, for the grazing of more than 100,000 sheep. Yet the aggregate number of sheep, as found by the Assessor, mainly upon affidavits of the sheep-owners, is only 92,000. It is understood that the Supervisors will look more deeply into the situation and that the state may compare the permits with the assessments. Returns of the last condition was shown in another county, where one great cattle company shipped one year more mature steers to market than the total number of cattle of all sorts returned for assessment.

INDIAN CONFERENCE.

The sixth annual Southwestern Indian Conference now is in session at Flagstaff, and will continue until August 26. The membership mainly is composed of clergymen engaged in missionary work upon the reservations of Arizona and New Mexico. The first week of the fortnight devoted to the conference has been spent mainly in devotional exercises, the more practical questions of Indian work having been left to the end of the next ten years.

TO INVESTIGATE STABBING.

Widow of Screen Hanger Asserts Husband's Death Was Result of Accident—She Held Knife.

The Coroner will probably hold an inquest on the body of G. A. Lenicker, 42 years old, a screen hanger, No. 1440 East Twenty-seventh street, who died early yesterday morning at the Resolving Hospital following an operation for a knife thrust in the abdomen.

Mrs. Lenicker, is held on suspicion at the University Station pending the outcome of the inquest. She admits having stabbed her husband, but declares it was accidental. Mrs. Lenicker says she was in the pantry, and when her husband entered, she told him not to go near her. When he took a step towards her, she says she pointed the knife at him. He was closer to her than she thought, and the blade pierced his clothing and penetrated the abdominal cavity. The body is at the Bremm morgue.

NEW MACHINE SHOPS.

Winslow is to have new Santa Fe machine shops and a roundhouse.

HORSE SENSE.

Exceptional intelligence is credited the riding horse of Horace Yeomans. The animal lately was found in a Prescott stable effectively "swatting the fly" by means of a grain sack held in his mouth, picked up and used as occasion demanded, as reinforcement to the tail.

NEEDED A BARREL.

Thoughtless Thieves Left Herman With Only a Nightie and His Voice—Other Robberies.

Attired only in his night clothes, and crying "Stop thief" every leap, Herman Schwingen chased the hoodlums through several blocks at an early hour yesterday morning. He was attempting to overturn the men who had stolen a suit of clothes containing \$25 and an Elgin watch. The thieves escaped. Patrolman Rayles found the clothes near Fifth street and Central avenue. Schwingen is a guest at the St. Lawrence rooming-house, No. 811 East Fifth street.

Another incident of robbery, Herman Springer, of the St. Louis rooming-house, of all his clothing.

The Western Hardwood Floor Company, Fifteenth and Alameda streets, reports the loss of a quantity of tools which were taken from a box that was forced open.

During the absence of Mrs. Louise Urigard, No. 5428 Fernwood Avenue, her house was entered and a savings bank containing \$8 stolen.

PERSONALS.

Luis Terraza, Jr., son of the Mexican multi-millionaire land owner of Chihuahua, is passing a few days at the Hollebeck and is accompanied by Teresa E. Terraza. He refused to discuss conditions in Mexico at the present time and said that he was here to join other members of the family who are residing at Long Beach. Among the other guests who arrived at the hotel yesterday are Mrs. G. M. Ewing, bank director and founder of Florence, Ariz.; C. F. Karsa, who has mining interests in Mexico, and Milton Weiss, an importer of Chinese ginger and other products of the Orient who has offices in San Francisco.

Le Marquis de Breviere d'Alaincourt, a Parisian financier and nobleman, who is representing French interests in a number of property transfers and in several new corporations which will operate in Southern California, returned to the Alexandria yesterday after passing several weeks in San Francisco. N. F. de Laire and N. M. de Laire, accompanied by their families, are touring the world and registered at the hotel yesterday from Paris, where they are in commercial circles.

William Aigrum, a Chicago desk manufacturer, is making his home at the Hayward while looking over the territory in this section with the view of permanently locating a branch factory. Mr. and Mrs. A. W. Briggs of Sonoma are staying at the hotel yesterday. Briggs is a mining man in the same line of business is S. T. Bentley, who is registered from Quartzsite.

J. Massie of Boston and H. E. Dodge of Sacramento are guests at the Van Nuys. Massie is a bond broker and with Dodge been investigating mineral properties in the San Joaquin Valley and in the southern section of the State. E. G. Webster Davis, an attorney of New York City, and his brother, C. Webster Davis of Oklahoma City, are passing a few days at the hotel. He is a Los Angeles attorney. Another guest is O. G. Krook, a mining engineer of Kingman.

D. Ferres, a land owner of Guatemala, who has accumulated a fortune in the raising of sisal hemp, is passing a few days at the Lankershim, where he is in the hotel. He is on a pleasure trip and will remain a week. Mr. and Mrs. Jacob Savage are staying at the same hotel, and are here from Denver, where Savage is in the commission business. E. G. Holner, a manufacturer of electrical accessories, is registered from Detroit.

John Shee is staying at the Westminster while in Los Angeles. He is cashier of the Pennsylvania National Bank of Pittsburgh and is here on pleasure. Horace F. Brown is an attorney of New York City, and is here on the pretense of a will case. He is staying in the same hotel. Another guest is G. S. Noble, who is a grain operator of Texas, and is registered from Houston. He reports a big corn yield all through the Los Star State.

R. H. Tuttle, division superintendent for the Santa Fe at Naples, accompanied by Mrs. Tuttle, is passing a few days at the Angeles. D. T. Aspinwall, an importer of oriental products, is registered at the Angelus from West Hoboken, N. J. Mr. and Mrs. H. C. Kolbe are tourist guests who registered at the hotel from Little Rock, and are here visiting relatives.

John V. Bruegg, an attorney of Memphis, accompanied by Mrs. Bruegg, is here on his honeymoon trip and is staying at the New Broadway Hotel. J. J. Carson, with his family, is occupying a suite at the same hotel. He is a merchant of San Francisco. He also has a wife from his home city, San Francisco, in his machine. He recently purchased a building site in this city and is here to erect a residence for himself.

He declares that traffic will go where hauls are cheaper and if the city can offer better and cheaper dockage and railroad facilities than other ports the city will get the patronage. He disclosed competition with railroad corporations at length, asserting that with adequate warehouses the city will get its share of the business without injuring the corporations.

The report was formulated for the purpose of submission to the Municipal Railroad Commission, of which the Harbor Commission is a part. Its aim is to support the contention of the Harbor Commission that the municipal railroad, or such part as can be handled, should be built at once.

This part is the San Pedro-street line from Sixth to Aliso street. The proposed section of the municipal road will pay immediate profit, according to Matson.

The volume of coast-to-coast commerce is expected with the opening of the Panama Canal is placed at 5,000,000 tons a year and increase of 1,000,000 tons.

The city, says Matson, will control about 18,000 feet of water frontage along present harbor lines in the outer harbor wherow to lay its own jetties. In a suit against the Outer Harbor Dock and Wharf Company is won by the city, the municipal utility will own all the water frontage in the outer harbor, approximately 45,000 feet.

"The one item of citrus fruits will probably be the greatest in tonnage," says Matson. "Two years ago the citrus crop amounted to 48,000 cars, and the season soon to close would give as large or a larger output had it not been for the frost. Last winter there had been an increase of 15,000 cars in four months and with the increased acreage that is coming into bearing the shipments will probably aggregate 60,000 to 65,000 cars by the time the Panama Canal opens, and there will be a constantly increasing output thereafter."

Secretary Matson declares, in closing, that within two or three years of the completion of the municipal road, if the police or owners of the spurs is adopted, the road would gridiron the territory on both sides of the line for two or three miles with such spur tracks, and millions would be added to the value of the line.

PAWNS JEWELRY TO HELP FRIEND.

BEACH SUPPERS APPEAL TO OHIO EPICURE.

Los Angeles Girl Admits Raising Funds to Help Him Out of Difficulties—His Checks Worthless, Say Police—Arrest Follows but the Eats Are Irrevocably Consumed.

The meteoric flight of C. H. Shaw along the "great white way" came to an abrupt end yesterday when the police arrested him on a charge of issuing fictitious checks, and securing from Miss Margaret Gannon of No. 1351 East Forty-seventh street over \$200 which she raised by pawning her jewelry in order to help Shaw "make good" on some of his financial operations which the police assert were not legally conducted.

Miss Gannon, who seems to be one of Shaw's heaviest creditors, was highly indignant over the turn affairs had taken in her display of friendship for the man. "His arrest is an outrage," said Miss Gannon. "If the police had let him alone he would have arranged everything within a few days. I am not worrying about my jewelry, and I have made no charge against Mr. Shaw. I raised money for him voluntarily and have not asked the police or anyone else to get it back for me."

"Shaw comes from a fine family, well known in Zanesville, O., and he is expecting to receive funds from his mother soon. No, I am not enraged to him—the very idea! I do think him a clever fellow and a nice boy. He may have made a mistake, but he will come out all right if they give him a chance. The whole story is greatly exaggerated. He never spent \$15 or anything like it for a dinner, and there have been no joy rides. I don't know what he has been doing."

Shaw is held by the police to have received about \$600 while employed by a local tile company. Miss Gannon says that he was working upon commission and that part of the money was his although she thinks he should not have collected it on his own account if he had not.

Officials of the tile company said yesterday that they would return the money advanced by Miss Gannon, and the loan company agreed to forgive their interest on the loan. Miss Gannon said last night that she felt terrible over the publicity, and the arrest, but is sure that she will not lose her money or jewelry.

LET CITY OWN SPUR TRACKS.

HARBOR COMMISSION SECRETARY URGES OWN CONTROL.

Favors Building of San Pedro Street Line at Once from Sixth to Aliso Street—Sees Millions Added to Value of Road When Canal Is Ready for Business.

In an exhaustive report filed with the Harbor Commission yesterday Secretary G. H. Matson declared that the terminal property and spur track facilities of the three transcontinental roads entering Los Angeles is worth \$100,000,000.

He says that if this city should adopt the policy of owning all new spur tracks as a part of the municipal railroad system, the city, and not the railroad companies would be benefited to the extent of many millions of dollars.

He declares that traffic will go where hauls are cheaper and if the city can offer better and cheaper dockage and railroad facilities than other ports the city will get the patronage. He disclosed competition with railroad corporations at length, asserting that with adequate warehouses the city will get its share of the business without injuring the corporations.

The report was formulated for the purpose of submission to the Municipal Railroad Commission, of which the Harbor Commission is a part. Its aim is to support the contention of the Harbor Commission that the municipal railroad, or such part as can be handled, should be built at once.

This part is the San Pedro-street line from Sixth to Aliso street. The proposed section of the municipal road will pay immediate profit, according to Matson.

The volume of coast-to-coast commerce is expected with the opening of the Panama Canal is placed at 5,000,000 tons a year and increase of 1,000,000 tons.

The city, says Matson, will control about 18,000 feet of water frontage along present harbor lines in the outer harbor wherow to lay its own jetties. In a suit against the Outer Harbor Dock and Wharf Company is won by the city, the municipal utility will own all the water frontage in the outer harbor, approximately 45,000 feet.

"The one item of citrus fruits will probably be the greatest in tonnage," says Matson. "Two years ago the citrus crop amounted to 48,000 cars, and the season soon to close would give as large or a larger output had it not been for the frost. Last winter there had been an increase of 15,000 cars in four months and with the increased acreage that is coming into bearing the shipments will probably aggregate 60,000 to 65,000 cars by the time the Panama Canal opens, and there will be a constantly increasing output thereafter."

Secretary Matson declares, in closing, that within two or three years of the completion of the municipal road, if the police or owners of the spurs is adopted, the road would gridiron the territory on both sides of the line for two or three miles with such spur tracks, and millions would be added to the value of the line.

TO GO STILL HIGHER.

The final order of removal in the case of James C. Yancey was made in the United States District Court yesterday and the defendant at once announced his intention to appeal to the United States Supreme Court. He is at liberty on bonds of \$1000. The charge is failure to answer to a subpoena before a master in a San Francisco case. Yancey has resisted the removal to the North with every possible legal expedient.

MOTORCYCLE ROMANCE.

Machine and Groom Break Records from Long Beach, Bride in Waiting: "Honk! Honk!"

On a motorcycle built for two, and with "Daredevil" Cupid stoking the engine, George M. Fuller of Long Beach and Miss Gertrude Edwards of No. 1407 East Fifty-sixth street charged away yesterday to the license foundry and afterwards to Rev. C. H. Ferguson of No. 2511 East Fourth street, who tied the knot while the speedometer attached to the machine gasped for oil.

The motor has played a mighty part in the courtship and averted the trusty steed Fuller and Miss Edwards have watched many a golden hour and mile slip merrily by.

He declares that traffic will go where hauls are cheaper and if the city can offer better and cheaper dockage and railroad facilities than other ports the city will get the patronage. He disclosed competition with railroad corporations at length, asserting that with adequate warehouses the city will get its share of the business without injuring the corporations.

He told of his early work selling papers on the train and of having been a Republican ever since, as a boy, he had helped to nail up the cards telling people to vote for Abraham Lincoln. He referred briefly to his service in the army and navy during the Civil War to the hearty applause. It had been objected that he was not a lawyer man, he said, and it was true that when he came to this State and until 1890 he had been assistant to the president of the Santa Fe Railway system, that later he had been employed as engineer by the Southern Pacific to advise as to the expenditure of millions of dollars in the construction of new lines through California. During the last three years he has been receiver of the great Imperial Valley Irrigation system, he said, and in that capacity had been appointed to appear before the Southern Pacific to represent the interests of the company.

Dr. Guy Reilly, president of the society, was in general charge yesterday. He was presented by C. J. Sullivan and gave way to H. H. Kallmeyer, who introduced the speakers.

GARAGE SITUATION.

The grand jury was represented in secret session with the Board of Supervisors yesterday by its finance committee and requisitions for various county departments were examined. It is said there was much discussion of the garbage question, but that the county will defer action to abate the nuisance of the Covina hog until after the conference of the Board with the Supervisors. The latter will have determined on drastic action if the city officials do not definitely set a date when the nuisance shall be abated.

MISSOURI ENTHUSIASM ROUSED FOR HOLABIRD.

Shown: Satisfied.

MISSOURI ENTHUSIASM ROUSED FOR HOLABIRD.

be settled by Supervisor Charlton and his forest rangers. The mountains are heavily covered with brush and dead timber and a fire once started may do incalculable damage. Statistics show that nearly all the devastating fires in the San Bernardino watershed during the past twenty-five years were caused by carelessness. Sometimes it is a smoker who throws a lighted match upon the pine needles; again it is a smoldering campfire that has fallen into a thicket and sometimes the smoking wadding from a shell causes the blaze. The government is endeavoring to protect the mountains by broad trails and firebreaks.

The appropriation this year is not as large as it ought to be from the standpoint of those who are apt to suffer most from mountain fires, which supply irrigation water for the citrus fruit districts have watchmen patrolling the trails and in case of need are ready to send volunteers into the section to observe.

SCULPTOR OF BOOTH. Considerable interest attaches, on account of the death of Gen. Booth, of the Salvation Army, to a relief portrait of him now in the possession of Frank Stone, sculptor of No. 719 Yale street, this city. The portrait was made by Stone in London about twenty years ago.

\$200.00 Piano. The Times Booklovers' Contest will be well repaid for ingenuity in solving the picture problems.

THE seventy-seven pictures that will be printed in The Times during the Booklovers' contest were drawn to illustrate titles that are in The Times Booklovers' Contest catalogues.

\$25.00 to Lake Tahoe and Return. One mile daily from northern California points until October 15. Return limit October 31. Many stop-overs allowed. Trout fishing, horseback riding, golf, tennis, at the delightful place where you can have anything from "roughing it" to luxury. Southern Pacific.

BAIN CASE UP MONDAY. District Attorney Says No Possibility of Legally Dismissing It—Judge Willis to Hear Arguments. The second indictment against Clarence Darrow, charging him with the bribery of Robert F. Bain, a junior in the McNamara case, will come up before Judge Willis some time Monday. It is believed by deputies in the District Attorney's office that Judge Willis will add the case to some judge whose capacity has been tested in long and hard-fought legal battles. At any rate the attaches of the District Attorney are content to let the matter rest with him.

WILSON'S BRIEFS. The second indictment against Clarence Darrow, charging him with the bribery of Robert F. Bain, a junior in the McNamara case, will come up before Judge Willis some time Monday. It is believed by deputies in the District Attorney's office that Judge Willis will add the case to some judge whose capacity has been tested in long and hard-fought legal battles. \$200.00 Piano. The Times Booklovers' Contest will be well repaid for ingenuity in solving the picture problems.

FRESNO, Aug. 21.—According to an announcement made here, local fig packing houses will not open their doors for operation for about a week longer. The fruit is already becoming harvested but the small quantity of figs are dropping from the trees. The crop is reported to be about an average one. Prices range about the 2½ cent figure, which is considerably higher now.

Practically all the large packing houses have started heavy shipments of malaga grapes and before the end of the week all the houses will be in full operation. Among those that are already open are the packing houses at Del Rey, Fowler, Sanger, Reedley, Dinuba, and along the Folsom branch of the Southern Pacific.

STOCK LETTER.

[Furnished by Louis & Bryan, Members New York and Boston Stock Exchanges, Bradbury Bldg., Los Angeles.]

NEW YORK, Aug. 21.—The market was quite firm during the past week, but as the session progressed the market became more and more inclined to weaken, on the part of disposition of the many stocks to be sold, and the market firm on good stocks. Market is unchanged on lemon stock oranges. Market is unchanged on lemon. Weather fair.

VALENCIA.—The market is likely to be signed by the government committee on the following price an excuse for depreciation in the market temporarily, but at the same time it is the general opinion of the fact that the House will not further act on the Commerce Committee bill this year, that an adjournment of the session will be the best course. It is not improbable that the market will be held in check by the market, but the market will be held in check by the market.

Overland buyers stocks will be held in check by the market.

Congress is temporarily out of the market, but the market is not out of the market.

Some quite difficult to trade in the market, such as the Coppers, the Standard Oil, the Southern Railway and Erie, rather than the market, and we believe that stocks of the above will be held in check by the market.

Market will present the greatest

atmosphere of uncertainty and investment conditions become more and more uncertain, which will warrant the expectation of a pro-

mised and sustained general rise.

FINANCIAL.

OFFICE OF THE TIMES, Aug. 22, 1912. Bank clearings for the week ended Aug. 16, 1912, were \$1,765,971.00. Following is statement:
